WHAT WE'RE LEARNING

Halloween fun!

One person's trash is another person's...monster! In Mrs. Devol's class, we made monsters out of repurposed trash. They were creepy, cute, and 100% sustainable! In Ms. Gregory's class, we predicted how many seeds would be in 5 different pumpkins, then checked our estimates by counting the seeds. We learned that even tiny pumpkins have over 100 seeds! Both classes got to do both activities.

Math Story of the Week: solve at home and bring to school!

Elijah has 12 pieces of candy. He gave 4 pieces to Bennett. How many pieces of candy does Elijah have now?
