

First Grade Newsletter

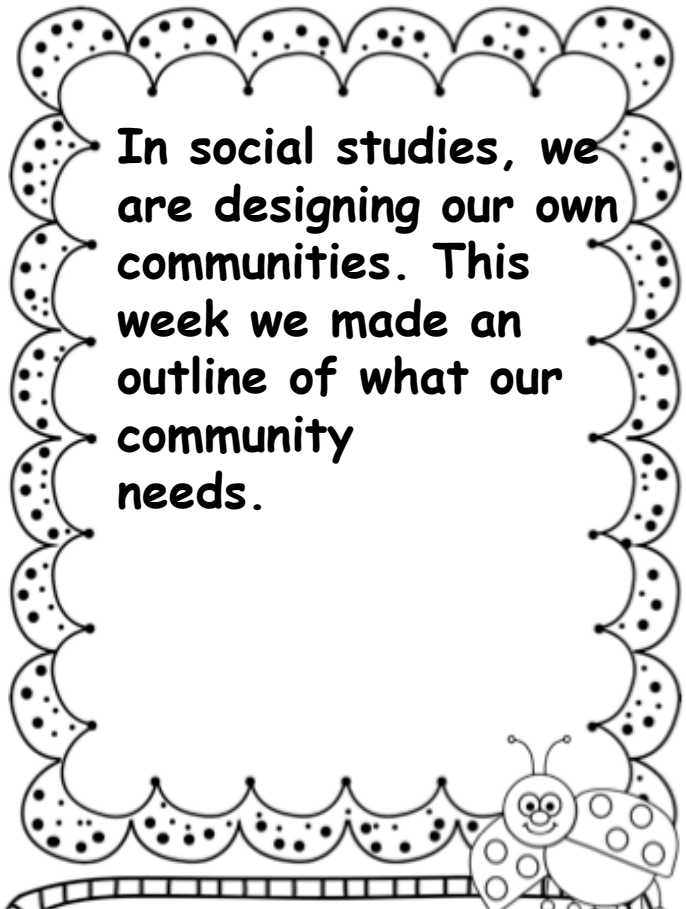

In science, we read The Gingerbread Man. Then, we designed a boat for the gingerbread man to get across the river.

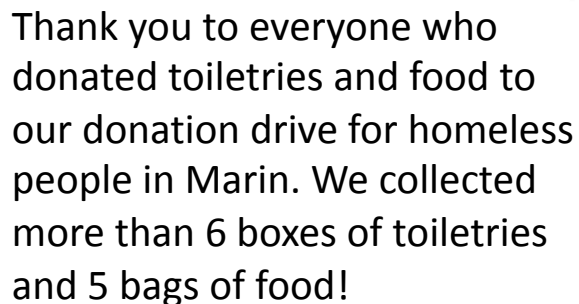

In math we are working on addition and subtraction to 20.

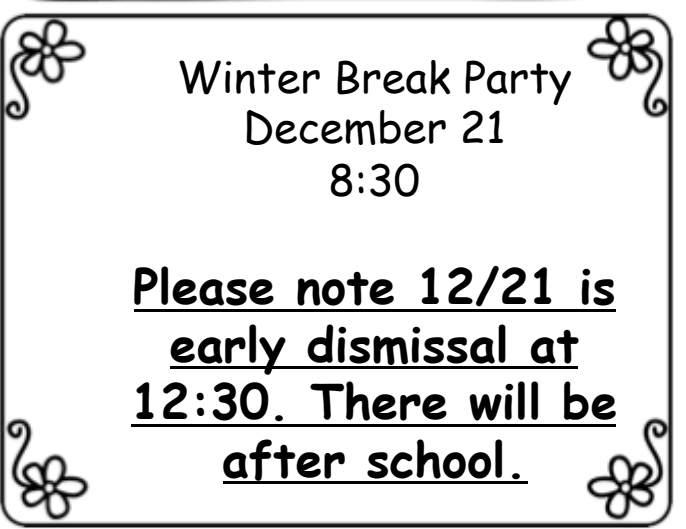

In social studies, we are designing our own communities. This week we made an outline of what our community needs.

Thank you to everyone who donated toiletries and food to our donation drive for homeless people in Marin. We collected more than 6 boxes of toiletries and 5 bags of food!

Winter Break Party
December 21
8:30

Please note 12/21 is early dismissal at 12:30. There will be after school.
