

# First Grade Newsletter

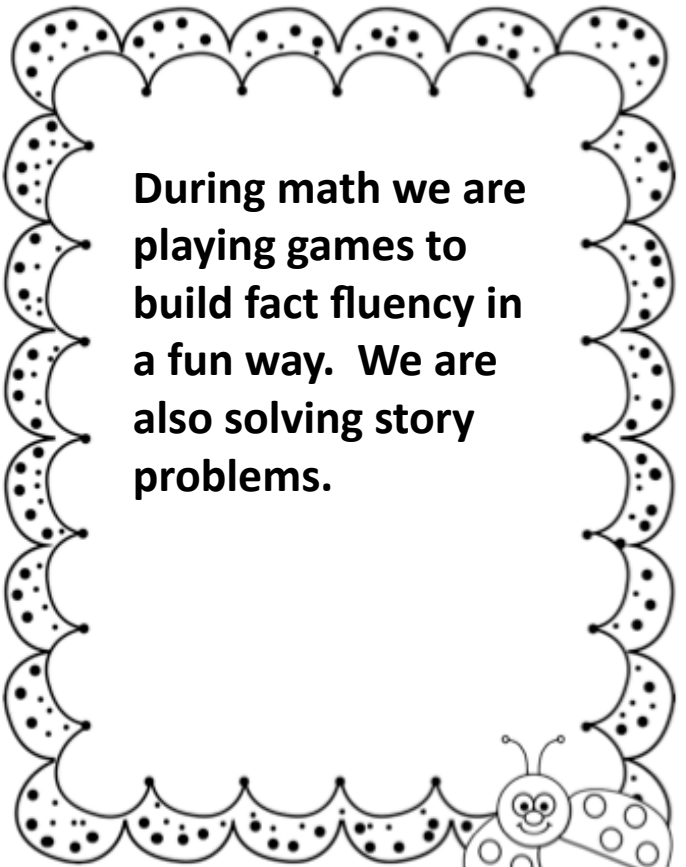

We are building independence during our language arts block. First graders can read with technology, read to self, and do word work. While your child is doing this important work we are meeting with students individually or in groups to work on reading, sight words, or phonics. They are very proud of their independence!

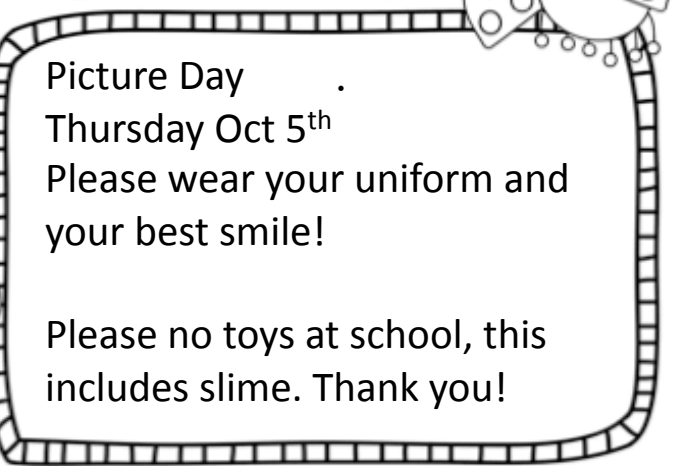

**Art Update**  
with Ms. Haberly  
In art first grade is telling a story through art by drawing their favorite place using shapes.

During math we are playing games to build fact fluency in a fun way. We are also solving story problems.

Picture Day  
Thursday Oct 5<sup>th</sup>
