

# First Grade Newsletter

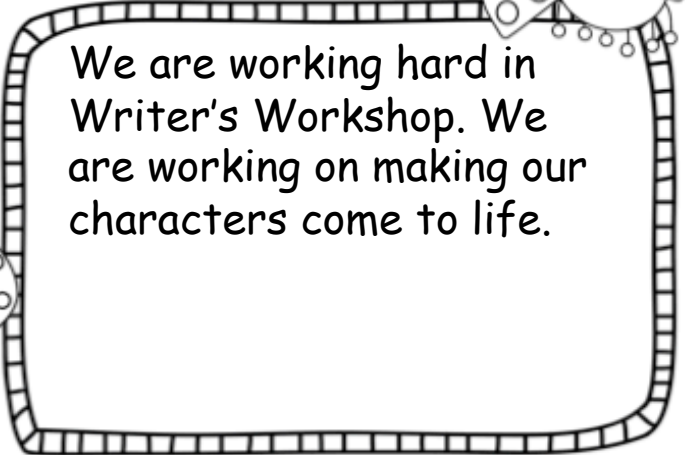

Please be on the lookout for a sign up for our Stone Soup celebration. On Thursday, each child will bring in something to add to the soup. Friday we will make soup together and enjoy it with our friends on Friday afternoon.

We are working on geometry and are learning how to describe shapes and put them together to make pictures.

Thank you to the parents who volunteered to drive on our field trip to the de Young. We had a wonderful day at the Museum. We truly appreciate you and could not make this day happen without you!

We are working hard in Writer's Workshop. We are working on making our characters come to life.

Thurs Nov 17  
Stone Soup Celebration
