

October 19, 2018

Dear Second Grade Families,

We have enjoyed meeting with you all for family conferences. If you were unable to make it for a conference and would like to reschedule please let us know.

We are passing out fliers to each individual student that have information about Dreambox, including his or her password, as well as information to allow you to access our Pearson/Investigations math program website. We encourage you check out both websites. The kids really enjoy playing math games on Dreambox and we have seen tremendous growth in student math skills with the kids who use Dreambox on a regular basis. You can get an idea of how our Math program works by looking on the Pearson website. There are videos and activities you can do at home with your child.

We are planning a Halloween party for each class on Wednesday, Oct. 31. You should be hearing from our room parents about sign ups for craft activities and/or snacks. If your child will be wearing a costume for the party, we ask that you send him/her to school in uniform that day with a costume in their backpack. Their costume needs to be able to be put on over their uniform. It is a short school day so we do not have time for going into the bathrooms and changing into costumes. We need to be able to just pop them on over their school clothes. (Sorry!)

We hope you have a nice long weekend!

Miss Jackson, Miss Browning and Miss Melissa
