Dear Families,

Thanks to all of the parents who helped make our field trip to Slide Ranch a success. We had a wonderful time petting sheep, milking goats, checking out chickens, romping in the dirt. It is one of our favorite field trips every year. Slide Ranch is a place you can take your family to visit for free 365 days a year and if you have not been there before, we really recommend that you make a day trip out of it sometime!

Picture day went well on Thursday. MAP testing is finished for fall. It is feeling like autumn around Willow Creek and we are all settling in to our new second grade routines nicely.

Conferences are coming up. We are looking forward to getting to know your families!

What are we learning?

Math

- Pattern blocks/ geometry
- Counting coins
- Number strings/ addition
- Dreambox (Our online math program)

Writers Workshop

- We are writing a nonfiction book about something we know all about or know how to do.
