

March 15, 2019

Dear Second Grade Families,

This week we worked on our new writing projects. The kids are doing research and writing nonfiction books about animals. Each kid has chosen an animal to write about and we are using books and animal websites to do our research. It would be wonderful if you asked your child what animal he or she is writing about and took them to the library to borrow books to bring to school for more research material.

In Math we are still working on graphing/collecting data.

Next Thursday, March 21 is our field trip to Farm Day. Let your room parent know if you want to drive or chaperone!

Conferences are coming up, we will put appointment confirmations in your students backpacks so check their backpacks!

Next week Miss Jackson's class will lead assembly. Please have your student to school by 8:10 at the very latest if they are leading assembly, otherwise we will stick another kid on stage! (sorry!)

Monday: Walter, Amanda, Romeo, Aarav, Alejandro

Tuesday: Harris, Sasha, Linnea, Massiah, Junior

Wednesday: Savy, Keira, Cruz, Leila, Emmanuel

Thursday: Hibah, Adam, Savannah, Massiah, Harris

Remember, no school Friday, March 22 or Monday, March 25.

Miss Eliza Visited our rooms on Tuesday and spoke to the kids about taking personal responsibility for actions and not blaming other people/events for things that are really one's own responsibility. Next Tuesday Miss Eliza will join us again to talk about friendship skills.

Miss Duran and Miss Gonzalez gave some of our students a tour of the new sensory room. The kids who haven't gone yet will visit it next week. The sensory room is a place to calm down and work through feelings, etc. You can ask Miss Duran or Miss Gonzalez about the new sensory room if you have questions. It is a really exciting new addition to our school.

Have a good weekend!

Miss Jackson, Miss Browning, Miss Melissa
