

Thank you to the drivers and chaperones who took us to the Bay Area Discovery Museum for a STEM workshop! We had a great time exploring the shore and creating our own animals that can protect themselves and find food.

Dear 2<sup>nd</sup> Grade Families,

We encourage you to pre-order for your own child and, if you are able, to consider adding another Yearbook to your pre-order for a student with a financial hardship. Yearbooks will be distributed on Monday, June 3 for autographing and sharing during the last week of school.

Thank you for supporting this important project!

**Also, Miss Melissa is looking for donations of toys, games, and books to add to our prize box. Our students are earning so much “money”, so we are looking for more things for them to spend it on!**

**“One person’s trash is another person’s treasure”. Please do NOT spend money, only donations of previously owned items from family and friends.**

### **SNACKS:**

**Please remember to send a healthy snack with your child every day. If you have a water bottle at home that you can send to school, we like to have them on hand for everyday use and field trips.**

### **What are we learning?**

**2<sup>nd</sup> grade’s theme is SYSTEMS. We continue our focus on Earth Systems! We are studying landforms (volcanoes, canyons, mountain, hills, rivers and more), maps and geography. (Social Studies Standard: Students demonstrate map skills by describing the absolute and relative locations of people, places, and environments.)**

**Speaking of systems: Both Ms. Browning and Ms. Jackson use a money system in their classes. Students receive money (fake money that is) for staying on task, doing the right things, completing work and class jobs, and much more. Money can be spent to buy privileges and prizes such as Lunch with a Friend, hot chocolate, popsicle, class party, comfy pass and much more!**

**This system helps us to teach a 2<sup>nd</sup> grade standard Time and Money. Students learn the value of coins and counting money helps to practice math facts, and addition and subtraction.**

### **Responsive Classroom:**

- Morning Meeting and Closing Circles
- **Important social skills and reminders for your 2<sup>nd</sup> grader:**
