## Curriculum Corner

### MATH

Next week we're finishing up our unit on Multiplication and Division. We'll be testing next Friday. This unit has continued to build student competency in these important skills.

### ELA/SOCIAL STUDIES

We're now in full swing of our Colonial Project. Students are researching and beginning to write their narratives. Each student has chosen a character that their story will portray. On Thursday, Feb. 8th students will be putting on "Colonial Night" where they share their stories with their classmates and families.

### Science

In Mr. Baker's science class we're jumping into project time. Students from Ms. St. Denny's class will be spending the next few weeks building their projects in preparation for presentations just before the february holiday.

# 5th Grade Updates

January 19th, 2018

In Mrs. St. Denny's science class, the students from Mr. Baker's class conducted experiments to draw conclusions about ratio, concentration, mass, and volume.
