## Curriculum Corner

### MATH

We're working hard on our understanding of decimals and their relation to fractions. Thus far we have compared decimals, converted fractions/decimals, and rounded decimals. Students are playing a variety of decimal games to reinforce these concepts. Next week we begin adding and subtracting decimals.

### ELA/SOCIAL STUDIES

We're beginning the Road to the American Revolution. We're examining the European conflicts that led to upheaval in the colonies.

### Science

We're still looking at our trout and examining both their habitat and life cycle. Students are excited to see the physiological changes in our trout. By next week we expect them to be in the "fry" stage and actively swimming around the tank.
