## Curriculum Corner

### MATH

This week we've been adding and subtracting decimals using a variety of games and strategies. Students are rapidly building their competency with decimals. Next week we will finish the unit.

### ELA/SOCIAL STUDIES

We're continuing to discuss the causes of the American Revolution. We're examining the European conflicts preceding the war as well the European Enlightenment ideals.

### Science

We're still looking at our trout and examining both their habitat and life cycle. Students are excited to see the physiological changes in our trout. We have Fry now and they're swimming around the tank. Next week we'll be taking our little fish up to Lake Lagunitas and releasing them into the stream.
