

What's Happening in Kindergarten?

Mid Winter Break-No School
Feb 19th-23rd

Parent-Teacher Conferences
No school 3/16 - 3/19

Save The Date! School Auction 3/24

details in the school-wide Friday post

We would love to have kindergarten parents help out with the events! There are SO many different ways to get involved.

Let us know if you're interested!

Highlights from Ms. Perez & Ms. Alison's Room

We had a super fun week! Valentines Day was full of sugar and sweet cards. Thank you to Streeter and Casey for coming and helping out with our Valentine's exchange and cookie decorating. The kids made sure to pile on the frosting and special decorations;))

Valentines Day equaled a lot of counting. We counted hearts in our ten frame books and sorted, counted and graphed conversation hearts. We matched dots to numbers, as well as, spent some time on Dreambox. We have started working on sentence structure and independently constructing sentences using words from the word wall. They love the challenge. We learned and chanted fun facts about our President's George and Abe. Did you know Washington's favorite meal was peanut soup, and that Lincoln loved to tell great jokes?! We are wrapping up rhyming and will start short vowels when we get back from vacation. Over vacation please take some time to jump onto Dreambox, practice sight words in your SW book, and read your bob books. As we get back from this vacation academics will boost up and before we know it will be June 8th and schools out for SUMMER. Homework and Spelling Bee's will start after the break.

✓ **Field Trip 3/15 Aquarium by the Bay, send me an email if you're able to drive!**

Highlights from Ms. Hope & Ms. Mayes's Room

We had a very sweet week (literally!) We decorated heart cakes and celebrated Valentines Day with a fun cookie-decorating afternoon. Thank you Pam (Scarlett's Grandma) for baking and preparing so many delicious treats for us!

This week we learned about Presidents' day. Our 4th grade buddies helped us work on our own books about President's Day, too! We also made special "Things I love" books. The students worked hard to use their letter sounds to write the words for this book. The Chinese New Year is another holiday we learned about and celebrated this week. We read the story Goldy Luck and the Three Pandas and compared/contrasted the story to Goldilocks and The Three Bears. In math we played a new game called racing bears, which helped us begin learning about how to make different combinations of 10. We also finally got back on Dreambox! We also worked on our art project for the Gala Auction.

✓ **Please make sure students remember to leave their toys and personal items at home!**
✓ **3/2 Slide Ranch Field Trip**
