Totally 80's School Auction

is tomorrow night!

Ms. Hope and I are having a K-1 Night Out Pizza Party in class on April 20th.

Please make sure you bid on it at the auction. Hope to see you there!

No School April 9th-13th
Spring Break

Highlights from Ms. Perez & Ms. Alison's Room

Thank you to everyone who came to Farm Day! The kids had so much fun planting seeds, petting rabbits and cows and tasting super yummy ice cream and cheese! We took advantage of the break in the rain and took a walk to the Farmer's Market and ran around the pond, which they loved. It was a great day! In Language Arts, we reviewed short vowel sounds and the students did independent work filling the missing vowel into cvc words (consonant/vowel/consonant). We talked about healthy and not healthy foods. The kids sorted foods into healthy and not healthy categories. They also colored and cut out pictures of their favorite healthy foods and put them in a picnic basket. In Math we talked about different shapes and the difference between 3D and 2D (solid vs flat). The students sorted handfuls of shapes and recorded the numbers into a book. They are all making great progress in Dreambox.

✓ **Field Trip to the Aquarium April 19th-All day trip, please email if you can drive or chaperone. We need 1 chaperone for every 2 kids or we can not go.**

Highlights from Ms. Hope & Ms. Mayes's Room

We had an overwhelmingly good time at Farm Day. THANK YOU to all the parents that drove on this last minute field trip! We also had a blast dressing up in 80's outfits at a special morning assembly in the MPR.

Happy Spring everyone! This week we started our weather unit. We brainstormed weather words and learned a fun new song. In ELA we continued working on short vowel sounds and made lists of word families associated with the short vowel sounds. We also worked on beginning and ending sounds with a fun frog match up activity. In Math we learned a fun new game that helped us think about adding more or taking away from different numbers. We also caught up on Dreambox.

We finally finished our auction projects! Each student will have an individual set of handmade coasters for sale. \$10 for the set! The coasters will be available at the auction and following the auction time. Ms. Perez and Ms. Hope's class will also host a Night Out Pizza Party on 4/20 for anyone that wants to bid on having their child attend!
